J. HILBURN BELT COLLECTION

The J. Hilburn belt collection is crafted of fine Italian leathers that are all vegetable tanned, and chosen for their enduring beauty and durability. Our leathers are selected to last a lifetime, not just a season. Each belt is handcrafted in England and features top-notch details, like the beautifully stitched feathered edge, and pure Italian nubuck lining. Even the buckle is our own exclusive design, created just for J. Hilburn. Each one is cast in solid brass for weight and quality, and then plated in high-polished nickel for a brilliant finish.

Everything about the J. Hilburn Belt Collection reflects a level of quality and craftsmanship that strives to exceed all your expectations, both in terms of quality and style.

All belts are available in sizes 32" – 42" in 2" increments.

(A Gentleman buys a belt 1" – 2" bigger than your waist.)

Additional sizes are available in 2" increments for special order.

Please contact your style advisor for more details.

J. HILBURN EXOTIC BELTS

The J. Hilburn Exotic Collection is crafted of fine Caiman Crocodile and Varanus Lizard, that are selectively chosen for their high desirability and enduring beauty. Each belt is expertly crafted in Texas, which has a rich heritage in fine leather goods, using hand cut premium flank skins for an unblemished pattern, and then specially tanned for superior finish and durability. Even the buckle is our own exclusive design, created just for J. Hilburn. Cast in solid brass for weight and quality, we give you the luxury and versatility of two brilliant buckles with each belt- one in high polished nickel, and the other in beautiful natural brass.

LUXURY PERFORMANCE SOCKS

At J. Hilburn we know that to make a great sock, it all begins with the yarns. That's why we've partnered with Byford of London to bring you the best in luxury and performance. Whether it's Pima cotton from Peru, or fine Italian merino wool, since 1919 Byford has exclusively developed and knit using only the finest yarns and the best technology from around the world. The result is a sock that is not only stylish but also superior in comfort, fit, and durability.

Everything about the J. Hilburn Cufflink Collection reflects a level of quality and craftsmanship that strives to exceed all your expectations, both in terms of quality and style.

The Benefits of J. Hilburn Luxury Performance Socks

BETTER WEAR

There is no substitute for product performance. J. Hilburn socks are reinforced where it counts – in the toe & heel.

BETTER FOOT FIT

All of our sock heels are specially rounded and have more elasticity across the in-step for a snug, more comfortable and superior fit.

“STAY UP”

Our socks provide better “stay up” qualities and comfort with an elastic top that is larger & longer. More elastic yarns & Lycra Spandex for gentle power & durability through more washings & wearings.

TOE COMFORT

A high or rough ridge at the toe closure can be a real irritant - ours are sewn with state of the art machinery to be smooth.

QUALITY CONTROL

At every step of the manufacturing process, rigid guidelines are set & maintained to ensure that our socks have the highest quality and standards in the industry.

SUPER WASH MERINO SOCK QUALITIES

This new sock is 21 microns, so it is thinner than the traditional merino sock. This extra fine yarn increases its ability to absorb dyes, which enhances the colors of the socks. In addition, the yarns are treated with a super wash - a process that removes the flax from the yarn, which causes shrinkage in the dryer. Even though these socks resist shrinkage in a dryer, the care instructions recommend “tumbledry low heat”
